

INVITATION

Dear Colleagues and Friends,

It is our great pleasure to invite you to the largest and most prestigious **CNO – conference 2019** for non-profit making organization professionals in 2019, this year held in Kampala. We expect 50-100 participants from, Individuals, Groups, FBOs, CBOs, NGOs and spatial experts from around 5-8 with established NGOs like UNICEF, JICA, AFFCAD, Cornerstone etc.

CNO - Conference works with exciting experts to bridge the gap between the funder and the beneficiary in this conference that brings the international community of humanitarian and spatial professionals together to experience a mix of interesting plenary and technical sessions. The conference gives a unique opportunity to discuss key challenges of our time within the humanitarian profession with fellow peers. Please explore the website for more information. Enjoy.

Many CBOs and NGOs have been started here in and in around the world but have had such a big challenge in living a tolerance life without funders knowledge, leading to the diminishing of the ideas resulting failure to support the local community beneficiary. This lack of transition puts intense pressure on keeping the CBOs and NGOs with rising demands for funding opportunities.
